MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : United States Views on Post-Castro
Cuba and Proposed Draft of a Presidential
Statement on Cuba

1. We consider that the study, The Future of Cuba, (Tab A of Mr. McGeorge Bundy's Memorandum for Members of the Standing Group, November 8, 1963) represents an excellent proposal of United States views on a post-Castro Cuba.

2. The draft of a passage on our relations with Cuba for the President's speech to the Inter-American Press Association on November 18 (Tab B) incorporates all of our major views on this subject which we forwarded to you on November 4.

3. We recommend that you concur in both the study and the draft speech which will be discussed on Tuesday, November 12.
